

Stage325: Verifiable Audit Report Export

Submit the report. Let others verify the proof.

Verification:

```
gpg --import proofs/public-key.asc
```

```
gpg --verify proofs/history.json.sig proofs/history.json
```

Proof files:

- proofs/history.json
- proofs/history.json.sig
- proofs/public-key.asc

This PDF is part of a verifiable audit report package.
